Pre-made: You tell me the theme, colors and picture sizes you would like in your scrapbook and I create the layouts. Once you receive the album, you can then crop and scrapbook the pictures yourself. Also makes a great gift album for the bride-to-be, mommy-to-be, graduate, retiree, friend, relative, etc.

Custom: You tell me the theme and colors you would like in your scrapbook. You also provide me with the photographs and memorabilia that you would like included. I then use all of these items to create your layouts and complete your scrapbook.
